REPORT OF THE CHIEF OF POLICE

Here is my report for the year 1961 accounting for some of the activities of the Police Department.

Calls and complaints — 162, Warrants served — 3, Arrests — 14, Court Cases — 15, Traffic Warnings — 65.

Two road blocks were held during 1961. Our main roads were policed on all busy holidays and weekends. Also weekly inspections of camps and unoccupied homes were held.

The Department members attended the monthly meetings of the Rockingham Mutual Police Association to better understand police work and procedure in the community.

Police equipment is being purchased. Your support at our suppers has made these purchases possible.

In conclusion I wish to thank the members of the Department, Town Officers, other Department and citizens for their cooperation and support this past year.

REPORT OF DISTRICT FIRE CHIEF

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose locally in preventing fires. The following is offered with the respectful request for publication in your town report.

Sincerely,

MERTON A. WEBBER,

District Fire Chief

An Appeal from Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires results from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.

4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 Fire Record

Number of fires 1.

Number of permits issued 69.

Number of acres burned 6.

MERTON A. WEBBER,
District Fire Chief
W. S. BARTLETT,
Forest Fire Warden

To the Forest Fire Warden:

The above statement has been prepared because many of you asked for it. It is intended to inform residents and to arouse their interest in your problems.

MERTON A. WEBBER,
District Fire Chief

CHESTER MacDONALD, Auditor

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Brentwood:

It has been a pleasure to work with the Brentwood School Board these last few months. As you well know, becoming your Superintendent in September after school had started was not easy, but because of the School Board's interest and knowledge of the educational program at Brentwood, little if any change was noted.

The two new classrooms you added last summer are modern, pleasant, and effective. They have done much to help with the increased enrollment at Swasey Central. However, it is beginning to appear that these new rooms will give only temporary relief as Brentwood is located in one of the fastest growing areas in New England. Next year's enrollment will undoubtedly increase in the elementary school, as will the 71 tuition high school pupils.

During the present school year, three new teachers have been added, replacing former members of the staff, namely: Mr. Paul Hanson, principal, a U.N.H. graduate with experience in administration. He was the former principal at Epsom Central School. Mr. Richard Green, also a U.N.H. graduate, who is teaching in the Junior High area. Mrs. Judith Hodsdon, a graduate of Plymouth Teachers College is teaching a combination of Grades 3 and 4. Mrs. Helen Amazeen, Mrs. Mavis Rutledge and Mrs. Martha Long are teaching Swasey Central grades 1, 5, and 2 respectively. It has been pleasant to work with the staff and their forward thinking regarding library facilities, intellectual strengths, etc. will, I am sure, continue to be felt in Brentwood.

It might be well to note at this time that the Brentwood School Board and staff are working with others in Supervisory Union No. 14 on the newer curriculum developments at the local and state level. Guidance, the new drafts con-

cerning comprehensive high schools, and classes for exceptional children are also being discussed, even though Brentwood is not directly concerned with these areas. For example, Brentwood does not maintain a high school, but each year the cost for tuition increases and it is necessary to understand the reason.

It is only with this working together and understanding on the part of the citizens, the School Board, the Swasey faculty, the Superintendent and the State Department of Education that we can go on and develop the "climate for learning" needed today.

WILLIAM GRASS, JR.,
Superintendent of Schools

SCHOOL HEALTH REPORT

To the Superintendent, School Board Members
and Citizens of Brentwood:

The accent today on school nursing is in the area of Health Education. Your school nurse is still the one who does heights and weights, tests eyes and ears, applies band-aids when she is available, is the liaison between the school and the home for every physical and emotional need of the child, arranges clinics, and is on call for every one of the duties expected of her. (According to a study on the graduate level at Boston University, these duties number one hundred and thirty-one.)

However, in addition to these traditional functions which she performs, the scope of school nursing has broadened considerably. Health Education has become the dynamic force, the impetus, the reason for the performance of the school nurse's tasks. The opportunity for teaching health presents itself in almost every phase. Even formal classroom teaching is possible on a limited basis, although usually the nurse is the source guide for health education materials.

Last year, our county was without a state public health nurse; this year one is again available so that we shall resume the pre-school clinics and polio clinics if the latter are desired by you.

Urine testing was done last year, but will probably not be done again on a union-wide basis. It has been found that the results do not warrant the time and expense involved. Diabetes is a spectacular disease in children and will show up in ways other than in the urine test.

I wish to thank all those involved in the cooperative effort of acquiring and maintaining maximum health for our school children.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
